

XAGA Series

XAGA Series LED screen

Carbon fiber skeleton, customized lock and ancillary equipment, absolutely easy to assemble and disassemble can be used as either stage renting or fixed installation

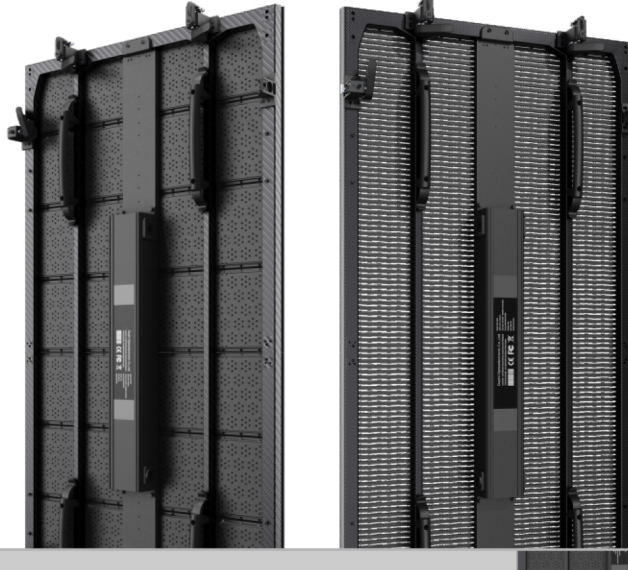

XAGA Series

Stronger and lighter

Weight less 50%

cabinet size:500mm*500mm

cabinet size:500mm*1000mm

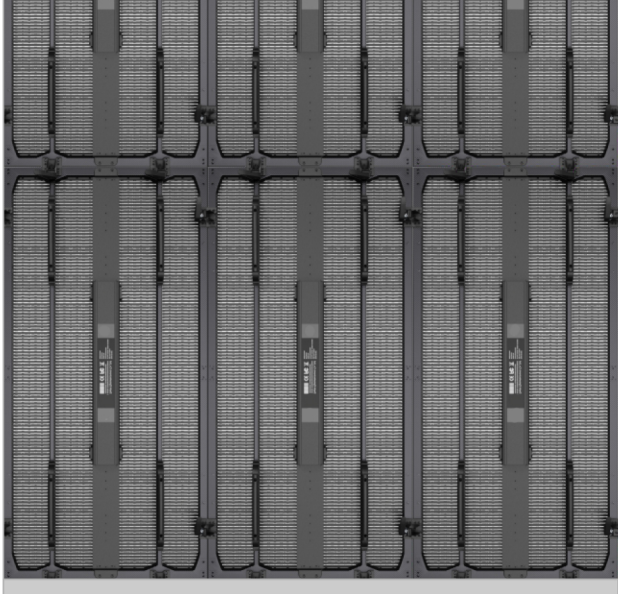

Rugular and Transparent

Meet more scenarios application

Excellent load bearing

The installation height can reach to 8 meters

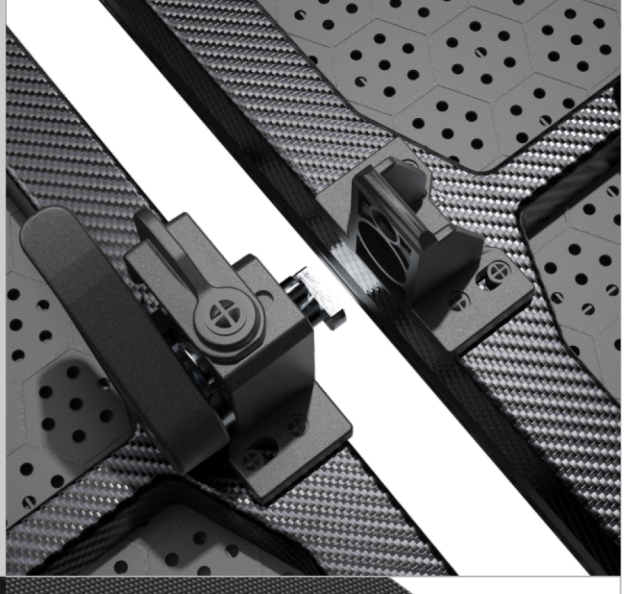

Light / Transparent

Meet more scenarios application

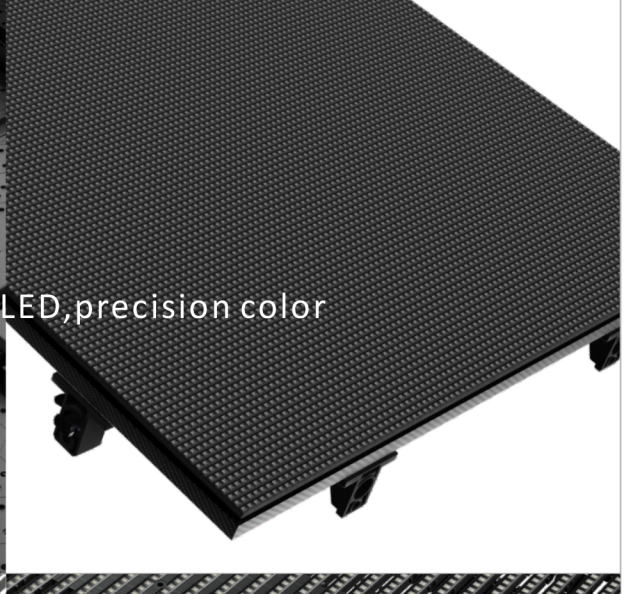

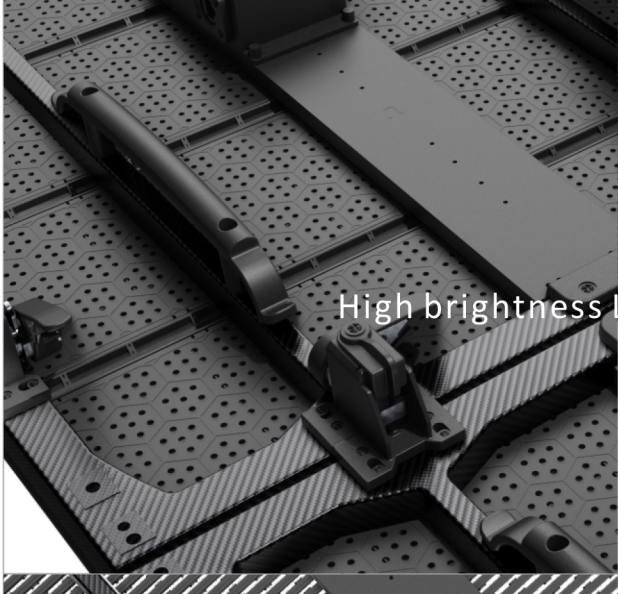

Elaborate lock kit

Precise positioning

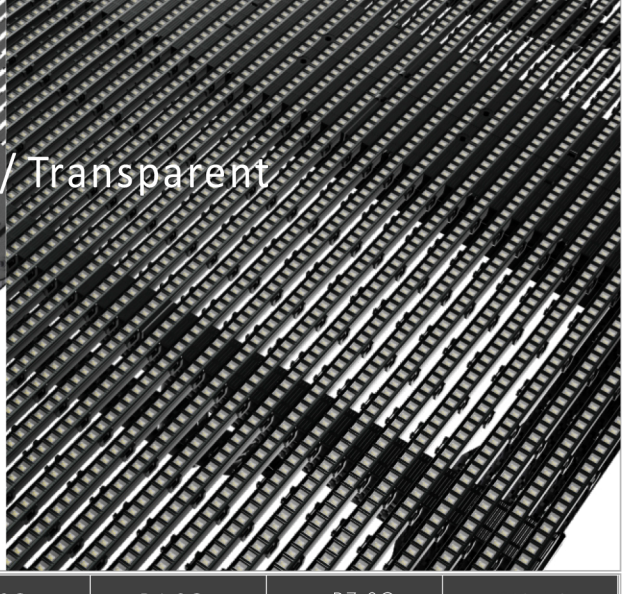

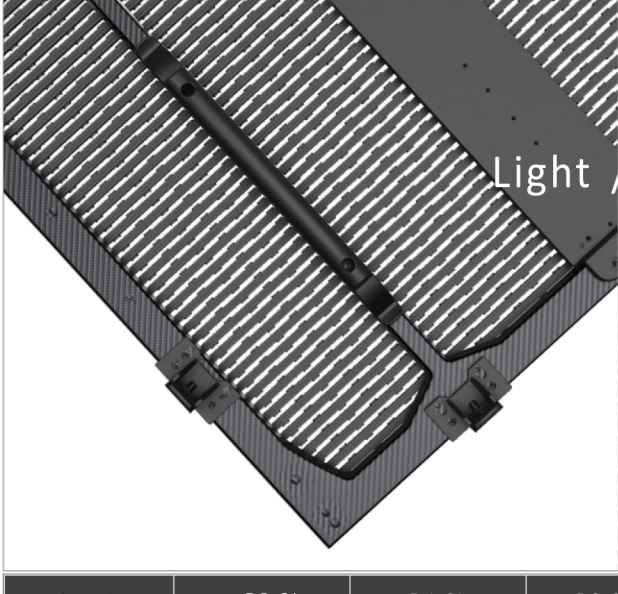

More efficient insta

High brightness LED, precision color

Light / Transparent
